烟台医药与健康公共技术服务平台

烟台医药与健康公共技术服务平台由烟台市政府和山东国际生物科技园共同投资建设。平台按照“行业标杆”的要求，打造了“高、精、尖”仪器设备汇聚、服务环境优良的高端创新服务载体，形成了覆盖医药与健康全产业链的完整技术服务体系。平台面向全国开放，向医药健康企业提供个性化的技术研发服务，为医药健康产业发展提供技术支撑。

Yantai Pharmaceutical and Health Public Technology Platform is jointly constructed by Yantai Municipal Government and BIOasis. The platform has created a high-end innovative service carrier with advanced equipment and excellent service capability and formed a complete technical service system covering the entire industry chain of medicine and health. It offers pharmaceutical and health enterprises with personalized technology research and development services to support the development of the industry.

》服务模式 Service Pattern

定制技术服务

通过接受用户委托，为企业提供相关产品研发和个性化技术研究服务

Customization Services

Provide testing and related products R&D services

自助研究服务

通过对外出租标准化实验室和设备设施，提供技术指导，为客户打造自助研发环境

Self-help Research Services

Create self-help R&D environment by renting lab and equipment and providing technical guidance

技术合作开发服务

通过平台积极开展与企业和科研院所的技术合作和产品开发，促进成果快速转化
